ABOUT ME

I am a 4th Year **BS Information Systems** student at **Saint Mary's University**, a private CICM school. I have served as a **student officer for four years**, from my 1st year to my 4th year, and was recognized as **Volunteer of the Year (2024–2025)** for my dedication and hard work in helping others. I have **hands-on experience in hardware troubleshooting and maintenance**, including assembling and repairing computers and working with networks. I also have skills in **web application development**, building websites and applications using modern tools and technologies. I am looking for an **internship opportunity** where I can use my technical skills, **problem-solving abilities**, and leadership experience to contribute to a team and learn more about real-world IT and Web Development work.
